

New PCSO for the village

The village has a new Police Community Support Officer with effect from 21st September replacing Louise Lodge who is moving on to another role covering Wetherby itself. Her replacement is PCSO Natalie Westwood who has been covering Boston Spa, Thorp Arch, Bramham, Walton and Clifford as PCSO for the past three years. In her new role she will be attending meetings of the East Keswick Parish Council to report on crime and crime prevention in the village. She will also be present at certain times within the Village Hall for any villager to see her about any matter which concerns them. For details of the timings of such drop in events, click on the Complete Village Guide section of this website, then under Police.

PCSO Westwood is looking forward to her new role and to meeting as many villagers as possible. She can be contacted by email at nw5@westyorkshire.police.uk or by phone on 0113 285 5374. As always, for emergency response call 999.
